YOU MUST BE AWARE OF THE FOLLOWING IMPORTANT INFORMATION UNDER THIS SECTION:

This Policy is not a private medical aid; cover intends to stabilise and repatriate You to Your Country of Residence.

Medical Treatment:

- No cover for routine, non-emergency, or elective treatment or treatment that can wait until **You** return home.
- If **You** have a medical claim, **You** will be requested to supply **Your** medical practitioner's name to enable **Us** to access **Your** medical records. It will help the treating medical practitioners and **Us** to provide **You** with the most appropriate treatment and assess whether cover applies. If **You** do not agree to provide this, **We** may not deal with **Your** claim;
- In some instances, **You** may need to be moved from 1 (one) local facility to another larger, more specialised facility for treatment.
- Once **You** are discharged from the hospital, this does not always mean **You** are fit to fly home. For example, if **You** were in South Africa and suffered the same injury/illness, **You** would not consider flying out on holiday after surgery/treatment/incident.

Repatriation (bringing You home)

- Coming home straight away is not always an option, even if **You** are considered fit to fly by the treating medical practitioner.
- Most airlines require specific criteria to be met to accept a medical passenger.
- Things change; if **Your** health, stability, or vitals change, then so do the plans.
- Repatriation is to **Your** country of permanent residence.
- Our Emergency Assistance Services have the expertise in facilitating and managing the process of **Your** evacuation or repatriation. They will advise on the timing and method of repatriation best suited to **Your** individual needs and recovery.

WHAT MUST YOU DO

These words have the following meanings in the above section:

Reasonable and Customary Charges means expenses which:

- a) Are charged for the treatment, supplies, or medical services to treat the Insured's condition.
- b) Do not exceed the usual charges for similar treatment, supplies, or medical services in the locality where the expenses are incurred.
